The taxpayer is responsible for providing their assigned OTR account number to their tax practitioner or persons that are completing the sales and use tax return.

Taxpayer Identification Number (TIN)

You must have a TIN, whether it is a Federal Employer Identification Number (FEIN), Social Security Number (SSN), Individual Taxpayer Identification Number (ITIN) or Preparer Tax Identification Number (PTIN).

- An **FEIN** is a number issued by the Internal Revenue Service (IRS). To apply for an FEIN, get Form SS-4, Application for Employer Identification Number, or get this form online at www.irs.gov/businesses and click on Employer Identification Number (EIN) under Starting a Business. The IRS issues ITINs to individuals who are required to have a U.S. taxpayer identification number but who do not have, and are not eligible to obtain, a Social Security number (SSN) from the Social Security Administration (SSA). ITINs do not serve any purpose other than federal tax reporting.

- The Preparer Tax Identification Number (**PTIN**) is an identification number issued by the IRS that all paid tax preparers must use on tax returns or claims for refund.

You must wait until you receive a TIN before you file a DC return. Your return may be rejected if your TIN is missing, incorrect or invalid.

Incomplete forms will delay processing

Sales and use licensees must file a return even if no sales were made or no tax or fees are due. Complete the identification section and then place a zero on the line Total Amount Due.

Type of mobile vendor

Indicate the type of vendor on the face of the return by selecting one of the following (a) food truck (b) sidewalk vendor (c) ice cream truck or (d) other vendor.

Calculation of sales tax

Sales tax is calculated by multiplying the sales price of a taxable item by the applicable rate.

The tax is based on the sales price. Sales price is the total amount paid by a purchaser to a vendor for a taxable item without deducting the cost of the item sold. Sales price does not include: (1) cash discounts allowed and taken on sales; (2) separately stated initial installation charges; and (3) sales tax collected by the vendor from the purchaser.

Rules for reporting sales tax

You must calculate tax on the actual selling price. Report cash, credit and charged sales, including conditional sales, for each period each sale took place, even if you have not collected part of the sales price.

Do not deduct:

- Refunds you issued for previously reported;
- Amounts for any sale of property that was later repossessed.

You may deduct bad debts. Subsequent collections of deducted bad debts must be reported in full in the period you collected them. Expenses incurred in collecting bad debts are not deductible on your sales tax form. They may be deductible on your business franchise tax forms D-20 or D-30. (See: Title 9 of the DC Municipal Regulations available for purchase from: Office of Documents and Administrative Issuances, 441 4th Street, NW #520S, Washington, DC 20001-2714.)

Other Taxes/Fees

Line 16 (Less 2% of 911 sales receipts less 3% discount): Report the 2% fee of the sales price of prepaid wireless telecommunication services. This charge is in addition to the 10% sales tax already being charged on telecommunication retail transactions and must be separately stated on the invoice, receipt or other similar document given to the customer.

The prepaid wireless 911 charge is the liability of the consumer, but the seller is liable for remitting the prepaid wireless 911 charges collected to OTR. The seller is entitled to retain 3% of the total prepaid wireless 911 charges collected.

The charge will not apply to:

- The purchase of wireless telecommunication services which are made for purposes of being resold; and
- An amount of service of 10 minutes or less, or valued at$5 or less when the service is sold with a prepaid wireless device for a single, non-itemized price.

Use the worksheet to determine the amount to be entered on Line 16. Multiply the 911 prepaid wireless telecommunications sales receipts by 2% for the period being reported. Multiply the result by 3% and then subtract the 3% discount to get the net charges to be submitted to OTR.

b	Multiply the amount by .02	X .02
c	Enter the result here	
d	Multiply the amount on Line c by .03	X .03

f	Net Charges Subtract Line e from Line c. Enter this amount on Line 16 of the form.	

Line 17 (Disposable Bag Carryout Fee, net of discount): Report total bag fee collected, less discount. The Anacostia River Cleanup and Protection Act of 2009 (also known as the District's Bag Law) requires all District businesses that sell food or alcohol to charge a $.05 fee for every disposable paper or plastic carryout bag provided to customers. Businesses retain $0.01 (or $0.02 if the business offers a rebate when customers bring their own bag).

To calculate your business' net bag fee, tally the number of bags sold by reviewing your customer receipts or your electronic sales management system. For instance, if your business sell 1,000 bags, your business should remit $40 (1000 bags x $0.04 = $40) or $30 if your business has a carryout bag credit program that offers a $0.05 credit to customers who bring their own bags (1000 bags x $0.03 = $30). Please note that the amounts retained by a business are not considered revenue and are tax exempt.

The District Department of the Environment is auditing businesses for bag fee compliance and assessing penalties where appropriate. If you are unclear about how to remit fees, please contact DDOE at 202-645-6988. For more information on the District's Bag Law, please visit: green.dc.gov/bags.

Line 18: Total amount due: Sum of Lines 6, 15, 16 and 17.
