FREQUENTLY ASKED QUESTIONS

10. What happens if the Discount Tax Sale bidder wins a property and the bidder has a deposit of less than 20% of the winning bid?

- a. The sale is not complete if the bidder's deposit (or remaining amount on deposit) is less than 20% of the successful bid.
- b. Bidders may increase deposits at any time during the Discount Tax Sale by making payments at the Cashier's Office of the DC Treasurer on the 1st Floor of 1101 4th Street, SW, Washington, DC 20024.
- c. The Office of Tax and Revenue will not delay bidding to allow a bidder to increase a deposit.
- d. In cases where the Tax Sale bidder bids on multiple properties, the deposit on record will be applied to the winning bid amounts in the order that the bids were placed. If a Tax Sale buyer bids on a property for which he or she has an insufficient deposit, the property will be re-auctioned.

For example: Purchaser C places the winning bid on three properties and has a deposit of \$2,000. Therefore, Purchaser C's total bid amount may not exceed \$10,000. The winning bid for Property 1 was \$5,000; the winning bid for Property 2 was \$8,000 and the winning bid for Property 3 was \$4,500.

There is a sufficient amount on deposit to cover the first bid on Property 1, and that bid will become final (subject to payment of the remaining balance), however, there is not enough money on deposit to cover the first and second bids once they are combined. Since the total amount of the bids (\$5,000 + \$8,000 = \$13,000 exceeds the \$10,000 bid limit based on the \$2,000 deposit, the second and third bids will be cancelled and Property 2 and Property 3 will be re-offered for sale.

- e. The potential purchaser or bidder must submit a copy of the paid receipt at the Tax Sale Registration Desk after making payment at the Cashier's Office.

11. What will a bidder receive after paying the deposit?

- a. A registration number will be assigned to each Discount Tax Sale bidder at the Office of Tax and Revenue, 1101 4th Street, SW, Room W250, Training Room A, Washington, DC 20024.
- b. A copy of the Tax Sale Registration form must be presented to receive a "number card". Each potential purchaser will receive a "number card" that will be used during the bidding process. The potential purchaser must turn in the number card to the Tax Sale Registration Desk at the end of each session.

FREQUENTLY ASKED QUESTIONS

12. What is the bidding process at the Discount Tax Sale?

- a. The opening bid for each property will be \$300, regardless of the amount of delinquent taxes owed on the property. Each property will be sold to the highest bidder. The bids will be raised by increments of \$100 and then \$500, until the property is sold to the highest bidder. All bids are final, subject to payment of the remaining balance.
- b. It is very important to be aware of the property being auctioned and to follow along with the auctioneer.

13. When is a bid entered?

- a. A bid is entered when a potential purchaser/bidder raises the "number card" high enough so the auctioneer can see it.
- b. The auctioneer will state the number of the successful bidder before the auction proceeds to the next listed property. Failure to confirm the winning bid may result in a bidder becoming the successful buyer of a property, even if it was not the bidder's intention to enter the final bid. The auction will be recorded to ensure the accuracy of the bidding process.

14. Will the District delay the bidding process to allow a bidder to increase a deposit?

No. Bidding *will not* be delayed to allow a bidder to increase a deposit.

15. When is the payment due for the property purchased at the Discount Tax Sale?

Payment in full of the remaining balance, also referred to as the final payment, is due no later than March 20, 2017.
